To: Bright Kid Foundation
From: School Governing Body
Date: 18 August 2020
Subject: Grade R Soap and Water Station

The SGB of the above-mentioned school hereby acknowledges that, the newly constructed soap and water station of Grade R funded by Development Bank of Southern Africa is a very good deal. We recommend the use of the soap and water station at our school for the following reasons: -

- It enables learners to wash their hands with soap and water and help to prevent the spread of COVID 19
- It will assist the school to save water
- It is compatible to our Grade R learners age

We believe that the soap and water station will have helped a significant way to keep Grade R learners safe by enabling them to wash their hands with soap and water.
